The person who neglects to provide for a "Rainy Day" neglects the first duty. Every practical thinking man realizes that it is a duty he owes to himself and his family to save a portion, however small of his earnings. A saving account opened early in life and systematically kept up, will in time afford the means to grasp business opportunities. It will help to buy a home, provide in time of sickness and insure a competency and the comforts of life in old age. For Children no better or acceptable present could be made to a child than a savings account where the money is absolutely safe. MACHEN IS INDICTED

Former Superintendent of Free Delivery Service to Be Tried.

TO OCCUR IN OCTOBER

In Discussing the Matter With Some Friends the Defendant Speaks of His Connection With the Groff Fastener.

Washington, June 6.—The grand jury reported an indictment against August W. Machen, former superintendent of free delivery service of the postoffice department, who was arrested several days ago, charged with sharing in the profits on government contracts for letter box fasteners. The indictment was brought for violation of section 5501 of the revised statutes, the penalty for violation of which is a "fine not more than three times the amount asked or received and by imprisonment not more than three years."

The amount which the indictment states he received illegally is \$18,987.79. Mr. Machen was in court with his attorneys when the grand jury reported and immediately gave bond in the sum of \$20,000 for his appearance in court. His sureties were O. G. Staples, David Moore, F. M. Criswell and Emanuel Speich of this city. The trial will occur in October.

By securing an indictment of Machen before the day set for his preliminary hearing before Commissioner Taylor the government has scored a victory in that it has avoided the necessity of showing its hand at a preliminary hearing. The proceedings before the commissioner now will be abandoned.

In discussing the case with his friends, Mr. Machen says that certain checks, which is maintained, were sent to him in payment of his profits in the Groff fastener and which have been secured by the postoffice inspectors were sent him by his business partner, Geo. F. Lorenz of Toledo, O., and formerly postmaster of that city. Mr. Machen claims that his partnership with Lorenz was a strictly legitimate one and the checks transmitted to him was in connection with mining business. The amount of these checks cannot be ascertained. Mr. Machen says that one of the largest amounts represents a personal loan to himself by Lorenz.

Mr. Machen further stated to his friends that he was not a partner of the Groff Bros. concern and that he did not receive any of the profits from the sale of the letter box fastener, to the government. He says that no wrong doing will be proved against him and that the only possible cause there may be for criticism of his administration so far as the Groff fastener is concerned is that the price paid for the article may be considered excessive.

This was necessary, he maintains, because the article was a patented affair and the larger price paid for it was in line with the universal practice in the purchase of articles which are patented and where there is no competition.

No Bouquets Allowed.

Guthrie, Okla., June 6.—An order has been issued by United States Marshal Fossett that every woman be immediately placed in jail who attempts to give a bouquet or any package to W. W. Montgomery, prisoner in the federal jail here. Montgomery is very handsome and has, it is said, three wives, having, it is alleged, secured a divorce from none. He is also charged with the murder of Jailer Kerry Emerson while breaking jail recently.

Knocks Out National Guards.

South McAlester, T. T., June 6.—The secretary of war has made a ruling that it is unlawful for any one to bear arms in the Indian Territory other than United States soldiers and government officers. This ruling will have the effect of knocking out the provisional National Guards, recently organized in Indian Territory.

Indian Interpreter Dead.

Lawton, Okla., June 6.—Jesus, the government Indian interpreter, after many years of service, died at the Red store of dropsy. He was a Mexican, and had an Indian wife.

Refused to Comply With Orders.

Tripoli, June 6.—Twenty Jews, composing a specially appointed committee, have been arrested and imprisoned for refusing to comply with the governor general's orders to assess the Jewish community for a military exemption tax. The committee claims that the extreme poverty of the Jews renders the payment of the tax impossible, and points out that the Mohammedans are not forced to pay the tax or perform military duty. The Jews have suspended all business as a pretext against the government's action.

View Was Erroneous.

London, June 6.—Replying to a correspondent who drew attention to a speech delivered in 1881, in which Mr. Chamberlain said a tax on food would mean a decline in wages, the colonial secretary says circumstances have changed, and he thinks experience has shown that the view he expressed in 1881 was erroneous.

Great damage is reported from the flood, with a probable loss of life. All communication is destroyed, but the report says that warehouse and mill No. 1 have either been washed away or have collapsed. It is also reported that mill No. 2 is in great danger. The great dam has been partially destroyed and will like be totally washed away. Houses occupied by employees of Pacolet mills are in line of the flood and may be totally destroyed.

At Pacolet the following damage is reported: Mill No. 1 has been washed away; mill No. 2 is totally destroyed; dams of three mills are gone; warehouse of mill No. 2 washed away, with total stock of goods and cotton. A hotel, Presbyterian church, livery stable and nearly every building in the town was washed away.

At Clifton mill No. 1 has been destroyed and mill No. 2 is now moving before the flood.

MUCH HAVOC.

Steel Bridges Washed Away and Houses and Barns Destroyed.

Greenville, S. C., June 6.—Reports are being received here of the havoc being wrought by a storm. Steel bridge across the Tiger river at Arlington, several miles above here, has been washed away and the trestle at Duncan's is gone. Several houses and barns were destroyed and many damaged at Greer's. Southern railway trains are at a standstill.

A special train was made up here to take the place of No. 39, now on the other side of the trestle near Duncan's. No. 36, from Atlanta, was stopped by the bridge being down at Greer's. The river at this place was higher than it had been for years.

Great Falls, Mont., June 6.—Word has been received here from Lethbridge of loss in the recent blizzard here of two small sons of J. Derrick, a sheep herder. The father was six days finding the bodies of the lads and they had been dead eight days before he got them to town to bury them. Derrick was living with his children in a tent when the blizzard broke.

The combatants were bleeding about the face and were pummeling each other viciously, it is asserted, when the police arrived.

COLORADO TOUR VOTES

Will be Counted Tomorrow, June 8th, and Announced Tuesday Morning.

On account of the first lot of tickets printed being dated for expiration as they are, the count of votes will be made tomorrow instead of having been counted yesterday, as per announcement. The reason for this is that all the first lot of tickets printed bore a line reading as follows: "This ticket must be voted by June 8th or it is forfeited." If the count had been made yesterday, and no other count made until next Saturday, there would be no way of judging whether any of those old tickets were voted after the 8th or not. So we deem it fair to announce that none of those tickets bearing on them the line quoted above can be voted later than 3 o'clock, tomorrow the 8th, and all brought in a minute after that hour will not be counted. The boxes will then be opened up and the votes counted by the committee, and the result announced in Tuesday morning's paper.

Counts hereafter will be made on Saturday so that there will be no reason for counting on any other day.

ABOUT COMMENCEMENT.

The indications are that there will be an unusual number of visitors from a distance in attendance of the A. and M. College commencement exercises. The mess hall and all the lodging space at College will be taxed to the utmost. For the most part these visitors will be the relatives of the cadets, especially of the graduating class; the alumni and guests especially invited by the board of directors and the faculty.

Under these circumstances it will

be necessary to restrict admission to the mess hall exclusively to these guests from a distance, and therefore to admit only those who are provided with meal tickets by the proper committees.

Trains will run from Bryan on both the railroads every hour, and therefore no special inconvenience will result from the foregoing arrangement. It is suggested that those who drive from the surrounding country make arrangements to bring lunches with them. The authorities regret that the facilities are not sufficient to enable them to provide for a larger gathering, and hope that in the near future better arrangements may be made.

Miss May Burtis of Madisonville is one of the candidates in the Bryan Eagle Colorado trip contest. In behalf of Miss May I ask that all Madison county people vote their coupons for her, and let us see if we cannot capture this prize for one of our county's noblest young women and best teachers. COLORADO TOUR CONTEST.

The Bryan Eagle has purchased two round-trip excursion tickets from Bryan to Boulder, Colo., and return, and will give them free of charge to two persons to be selected by a voting contest. The tickets call for first-class accommodations in every respect, with stop-over privileges at all points, and are good for return passage until Oct. 31. They include also a side trip from Boulder to the great Cripple Creek Mining City or to Pike's Peak and return.

Besides the coupons printed in the Daily and Weekly Eagle the merchants of Bryan named below will give coupons with all retail sales of merchandise, at the rate of one vote for each ten cents sold for cash or on thirty days. Twenty votes are given with each cash yearly subscription to the Weekly Eagle.

The contest began May 14, and will continue until July 23.

The first count of votes was had Saturday, May 30th, and so far as concerns those now in the race, resulted as follows:

Mrs. A. P. Anderson, 7923; Mrs. Lamar Bethae, 1997; Mr. B. Sbis, 1856; Mr. Sam Hunter, 1523; Mr. C. E. Jenkins, 1381; Miss Lou Ware, 640; Miss Arrie Cole, 551; Mr. Mr. L. E. Mitchell, 306; Miss Dollie Carr, 257; Miss May Burtis, 81; Miss Elma Harbers 842.

Miss Elma Harbers who received 842 votes as per last Saturday's count before she announced as a candidate, now announces that she will consent to the many requests that she enter the race.

New candidates may enter the contest at any time.

A count will be made every Saturday until contest closes, and result will be announced in each Sunday morning paper.

Watch the dates on your coupons and tickets. They show the dates upon or before which they must be voted. This is done to prevent any candidate from holding back a large number of votes to be cast at the end of the contest.

THE TOURS.

This contest is for two Colorado tours. Two parties to act as correspondents of the Eagle are to go to Colorado, all transportation paid by the Eagle, routed as follows: From Bryan to Fort Worth and return via the Houston & Texas Central rail way; from Fort Worth to Boulder Colorado, and return via the Fort Worth and Denver railway; stop-over privileges in each direction on this line. From Denver or Colorado Springs a side trip to Pike's Peak or to Cripple Creek, as desired. The Houston & Texas Central offers the best accommodations from here to Ft. Worth and return, and best connections for Colorado tourists; is the shortest, quickest route, with best equipments.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach, and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

George Cooper and Henderson Hightower, the negroes charged with an assault to murder John Jones, colored, on Cedar creek, waived examination before Justice Mitchell yesterday and were allowed bond in the sum of \$250.00, which they gave.

Two negroes, John McMurray and John Thomas, were lodged in jail yesterday, charged with gambling. Pete Robinson, another negro, similarly charged, gave bond in the sum of \$50.00.

How can we expect to ever build up a town here, if everybody searches a lot of catalogues and sends his money away from Bryan every chance he gets? The mail order agent in some city will give you no better service than the agent in Bryan who represents the same line of goods. Some people who live in Bryan trade send away for goods or work, without giving home people a chance to even talk to them about it. Not printing alone, but many other things are ordered away from here, when there are Bryan people who make a specialty of the goods or work in question, and could give valuable assistance besides making a little something out of it which otherwise goes to a stranger in some city. Sometimes the home dealer is a regular patron of the man who sends away for his retail purchases. We ought to trade with each other as much as possible; help each other, and help our town to grow. We should not try to live for ourselves alone. It will pay better and be less selfish if we will bear it in mind to spend our money at home as much as possible.

Miss Bessie West requests the Eagle to announce that the name of Sadie Mawhinney should have appeared in the promotion list from the seventh to the eighth grade, but was omitted by accident.

Mr. Pitts of Smetana has sold 40 worth of roasting ears this season off two acres of ground, and is not through yet. He will sell \$12.00 worth more tomorrow. Stuart Harris has gone to Hearne to hold down the important position of joint ticket agent of the H. & T. C. I. & G. N. and H. & R. V. railroads at that place for fifteen or twenty days and Beall Chatham has charge of the Western Union and railroad telegraph office at night during his absence. The joint ticket agency at Hearne requires an experienced and capable man and the tender of the position to young Mr. Harris shows the confidence of the officials in him. His friends feel that it is not misplaced.

A charming incident attending the
Emory-Cole wedding was the linen
shower given Miss Cole at the pretty
home of Mrs. Tyler Haswell Tuesday
afternoon. The receiving party in-
cluded Miss Cole, Mrs. G. S. Parker,
Mrs. W. G. Taliaferro and Mrs. Fred
Pryor. A beautiful drawn work
linen bell was suspended between
the double doors and when the bride
to be passed under it the contents, a
dainty assortment linen remembran-
ces, was showered upon her, having
been loosened by ribbon held by little
Miss Ara Haswell. The effect was
most pleasing. A salad course was
served, followed by gelatin, whipped
cream and cake.

Miss Loula Coulter entertained the
Sewing Circle Thursday afternoon.
Outside the members of the club no
invitations were given except to
visiting young ladies and their host-
esses. About thirty ladies were pres-
ent. After enjoying the fancy work
and conversation, pineapple sherbet
and cake were served. The club will
meet with Mrs. F. D. Perkins next
Thursday afternoon.

The social gaieties of commence-
ment week began with a ball at the
Armory Friday night given by the
young men complimentary to visit-
ing young ladies. Of these there are
already a number in the city, and
more charming visitors have never
been entertained by the people of
Bryan. Pretty programs were pro-
vided and instead of the names of the
dances the names of the young
ladies were printed on them. Among
those present were the following:

Misses Ross of Brenham, Miller of
Belton, Hanway, Harry and Grif-
fiths of Dallas, Cameron of Galves-
ton, Randall of Waco, Locke of
Huntsville, Tilson of Texarkana,
Frost of Corsicana, Blake of Hous-
ton, Smith, Hettie Smith, Nonie
Adams, Keeling, McConico, Al-
berta Adams, Robineon, Taylor,
Rhodes, Hattie McConico.

Messrs. Sam B. Wilson, Ed Saun-
ders, F. C. Oliver, Geo. W. Smith
Jr., Jno. M. Wilson, J. E. Platt, B.
C. Pittuck, Will Scott, Robt Deware
of Jefferson, Rob Roberts, S. W. Mc-
Conico, E. J. Kyle, Whit Doremus,
Tom Garth, Milburn Newton, Will
Saunders, Mr. Taylor of Houston.

Mr. and Mrs. T. K. Lawrence, Mr.
and Mrs. P. S. Tilson, Mr. and Mrs.
Fred Pryor, Dr. and Mrs. W. H.
Oliver, Mr. and Mrs. J. A. McQueen.

Miss Alice Myers gave a delight-
ful ride Thursday night in honor
of her visitors Misses Etta Randal of
Waco and Miss Louise Cameron of
Galveston. There were three wagon
loads of young people, who after a
most enjoyable ride to Carter's creek
and a midnight luncheon, returned
home all agreeing that it was one of
the most delightful affairs of the
season. The crowd chaperoned by
Mrs. Holt of Waco and Mrs. J. Allen
Myers was as follows: Misses
Randal of Waco, Cameron of Gal-
veston, Harry of Dallas, Henderson
of Cameron, Nonie Adams, Lillie
May Jones, Nellie Batte, Henry Wil-
son, Lucy Board and Alice Myers.
Messrs. Gabriel Lee, Hall, Ed Saun-
ders, Rob Roberts, Howard Cavitt,
Robert Batte, Will Wilson, John
Friley, Geo. Smith, A. Carter and
Walter Coulter.

Thursday night at their home in
the southeastern part of town Mr.
and Mrs. W. A. Dodson entertained
a number of friends at a musical
given complimentary to Miss Anna
Burns of Waco.

Anti-Cigarette League.

The Bryan Anti-Cigarette League
met in regular session 2 p. m. May
31, 1903, at the Baptist church.

After the usual opening with song
and prayer, announcements and
reading of minutes, Mr. Hunter gave
the floor to Mr. H. O. Boatwright.
Mr. Boatwright, who is always a
friend to every good cause, gave the
boys a very entertaining and in-
structive talk for which we feel very
grateful.

A few numbers of "Pluck" (The
league paper) were distributed
among the boys who had previously
failed to get them.

No further business, the league ad-
journing to meet the following Sun-
day at 2 p. m.

We call ourselves the A. C. L.
Anti-Cigarette League is what we
would spell; Two hundred and
three brave boys and true, and if
you would allow us, we would like
to count you. Pledged are we to
abstain from the use of that nasty weed,
of which you've heard it said, "twas
the devil saved the seed."

Respectfully,
Homer Wallace, Sec.

THE CENTRAL ROUND HOUSE RUMOR.

About twenty years ago the H. &
T. C. railway had shops at Bryan.
They were located near where Win-
ters' ice factory now stands and they
had a well from which they pumped
an abundant supply of water. It is
well known that in the northern part
of town wells furnish inexhaustible
quantities of water. Mr. Winters'
wells demonstrate this. We men-
tion this because it has been sug-
gested that lack of water might be
in the way of the company's moving
their shops to Bryan. It is well
known that the water used at the
Hearne shops is pumped from a well
or wells.

The rumor prevalent here to the
effect that the authorities contem-
plated moving the Hearne round-
house to Bryan and making this di-
vision headquarters, was traced yester-
day and was found to have been
started here by an H. & T. C. brake-
man. The fact that Bryan is nearer
half way from Ennis to Galveston
(the future terminus of the H. & T.
C.) than Hearne is, gives hope that
there might be some foundation for
the rumor.

At any rate there is no reason that
Bryan might not well afford to get
busy in the matter, and offer induc-
es to secure the change

SEVENTY-EIGHT.

The Dead in the Topeka Flood Known
to Be That Many.

Topeka, Kan., June 6.—The dead in
the Topeka flood now number seventy-
eight. Of this number thirty are re-
ported dead on good authority.

A boatman reported that seven bod-
ies had been found near the north end
of Harrison street. The unfortunates
were Mrs. Jessie Shaw and four chil-
dren and a man named Skunkweiler,
all from Shorey.

The body of a man named Edwards
was picked up near Soldier creek.

Other bodies found were those of
Mrs. Nellie Watson, Mrs. Minnie Prayer
and George McDonald. These were
caught in wreckage. ePeople working in
the flooded district fear that many
more will be found drowned as the
flood recedes, and that the list of dead
will be not far from 100. Thirty or
more people are now classed as miss-
ing. Without doubt some of the bodies
would never be recovered.

Indianapolis Contributes.

Indianapolis, June 6.—The relief com-
mittee of the board of trade voted \$500
for the relief of the Kansas flood suf-
ferers. Secretary Smith wired the gov-
ernor of Kansas asking him to whom
the check should be made payable. The
committee will vote another \$500 if
necessary. Three hundred dollars addi-
tional has been raised.

Switch Engine Went into River.

St. Louis, June 6.—In the vicinity
of the Grand avenue pumping station
at North St. Louis the track of the
Keokuk and Northwestern road gave
way and a switch engine was precipi-
tated into the river. The engineer and
three other men in the cab had a nar-
row escape from drowning.

Planter Assassinated.

Forest, Miss., June 6.—News reached
here that James Boyles, a planter,
was shot from ambush by three negroes
in the southern part of the county.

NEWS IN BRIEF.

of the Texas state treasurer, and W. E.
Parker, a commercial traveler, were

CONDITION SATURDAY.

Stages of the Rivers of Several Points as
Telegraphed Out.

Washington, June 6.—The Missouri
river at Kansas City continues to fall
steadily, the gauge reading 28.9 feet,
a fall of 2.1 feet since Friday morning.
At St. Louis there has been a rise of
1.2 feet and there were 34.7 feet of wa-
ter on the gauge. Interruptions of the
rise in the Mississippi north of the
mouth of the Missouri will probably
have but little effect on St. Louis' stage,
and no reason exists at present for a
modification of the estimate of between
thirty-seven and thirty-eight feet of
water by Monday or Tuesday.

The stage at Hannibal is 21.5 feet, a
rise of one foot since Friday morning,
and there will be but little change
during the next day or two. The stage
at Cairo was 37.4 feet and a stage of
about forty-two feet is indicated by
Tuesday and somewhat higher on
Wednesday and Thursday. The danger
line will probably be passed at Mem-
phis by the end of next week, but an
accurate estimate of crests both at
Cairo and Memphis cannot be made un-
til the full effect of the flood is felt at
St. Louis.

MEN AT WORK.

Thousands of Them Are Cleaning Rail-
road Tracks at Kansas City.

Kansas City, Mo., June 6.—The Kaw
continues to recede at an increased
rate. Hundreds of flat cars loaded with
sand and construction material were
pushed several blocks further west and
began with activity the work of re-
constructing miles of washed out or
damaged tracks in the yards from here
to Armourdale and Argentine. The
railroads alone will put several thou-
sand men to work immediately and all
lines are making preparations to re-
sume business. It is possible to reach
and clean out to a great degree the
wreckage at the stock yards, and at
the livestock exchange, where the wa-
ter is at its height, it stood fifteen feet
deep. Three shifts of men are working
night and day at pumping stations to
restore the water supply to its nor-
mal condition, and as this service im-
proves there is a likelihood of an epi-
demic of sickness disappearing. But
few cases of sickness are reported.

HARD TO LOAD.

Horses in Some Instances Have to Wade
up to Their Shoulders

St. Louis, June 6.—The river con-
tinues rising all along the levee. Wa-
ter is up to stores and houses, in some
of them it being at least a foot or more
deep on the first floors. So far traffic
on the river has not been greatly hin-
dered, but when the water reaches a
stage of thirty-six feet some boats will
probably refuse to receive freight, as
approaches can not be used and the
water will be too deep to drive through.
At the ferries the loading of teams is
done with great difficulty, horses hav-
ing to wade in water to their shoulders.
The break in the great Madison coun-
ty levee, which gave away Friday, has
widened, and water is rushing through
a gap 100 yards wide, covering 20,000
acres of fertile farming lands and three
villages—Oldenburg, Mitchell and
West Granite. About 500 persons have
been driven from their homes by the
floods.

Kaw River Falling Fast.

Topeka, June 6.—The Kaw river fell
two inches an hour throughout Friday
night and the south side of Kansas
avenue was uncovered clear to the
bridge. On the north side the pedes-
trians and wagons can get five blocks
north to Gordon street without getting
into water. In some residence portions
of North Topeka, however, the water
still stands in eddying pools and rushes
down the cross streets in a whirling
channel at an average depth of three
feet.

Cleaning up Debris.

Kansas City, June 6.—Thousands
of men and women, armed with shovels
and brooms, are invading the west bot-
toms, following closely the receding
waters. The wholesale and stock yards
districts will soon be restored to their
former condition of activity. The Mis-
souri has fallen slightly over two
feet during twenty-four hours.

Last Contract Let.

St. Louis, June 6.—The contract for
the erection of the last of the big ex-
hibit buildings of the Louisiana Pur-
chase exposition has been let, at a
cost of \$171,000. Announcement has
been made that the sum set apart by
the exposition management for prizes
in the live stock department amounts
to \$250,000, or more than the aggregate
of the appropriations made by all pre-
vious international expositions for live-
stock exhibit prizes. The livestock de-
partment will have about thirty acres
of ground and about fifty buildings be-
sides, and a grand amphitheater and
arena for an exhibit ring.

Was En Route to See Father.

Plainfield, N. J., June 6.—William L.
Neumiller, who was killed in Thurs-
day's train wreck at Stillwell, Kan., on
the way to this city, to see his father,
who is dying from paralysis. News of
his death has not been conveyed to the
father.

Deputies Fight a Duel.

Paris, June 6.—M. Berteaux and
Guyot de Villeneuve, members of the
chamber of deputies, fought a duel, the
result of a violent altercation in the
house. At the sixth encounter M. de
Villeneuve was slightly wounded in the
forearm.

Bulgarians Condemned to Death.
Salonica, June 6.—Four Bulgarians
convicted of participation in dynamite
outrages here, have been condemned to
death. Their trial took place in a
court.
